 - Womens Group
- 

ABOUT OUR SERVICE

Nunyara Aboriginal Health Service Inc is incorporated under the Associations Incorporations Act 1985 and maintains a Board comprising 100% Aboriginal people. The objectives of the Boards Constitution are:

- To provide an holistic range of quality services and programs
- Promote healthy lifestyle choices and work to improve the health outcomes of Aboriginal people who reside in Whyalla, South Australia
- To advocate for dedicated and culturally appropriate service responses to the Aboriginal Community of Whyalla from mainstream services.

Nunyara, as an Aboriginal Community Controlled Health Organisation (ACCHO), is a primary health care service initiated and operated by the local Aboriginal community and delivers holistic, comprehensive, and culturally appropriate health care to the community.

We deliver integrated primary health care and this model has been adopted by all ACCHO's is in keeping with the philosophy of Aboriginal community control and the holistic view of health. Addressing the ill health of Aboriginal people can only be achieved by local Aboriginal people controlling health care delivery. Local Aboriginal community control in health is essential to the definition of Aboriginal holistic health and allows Aboriginal communities to determine their own affairs, protocols and procedures.

Nunyara is a member of the Aboriginal Health Council of South Australia (AHCSA) and the National Aboriginal Community Controlled Health Organisation (NACCHO).

YOUR HEALTH INFORMATION

Your medical record is a confidential document. We abide by the Australian Privacy Principles to ensure all records are secure and are only available to authorised staff. All client medical records are kept electronically. Nanyara has a recall system for health checks and preventative care, and patients can expect to receive a reminder when they are due for follow up. More information can be obtained at www.oaic.gov.au.

RECEIVING AND RETURNING CALLS

The Clinic staff can be contacted by phone on 8649 9900. If the Clinic staff are unable to take your call, a message will be left for them and you will be contacted at the earliest possible time. We do not use email to communicate to patients.

Aboriginal
Interpreter Service

APPOINTMENTS

Appointments generally can be offered on the day of booking. Standard appointments with the Doctor are 30 minutes in length. Appointments are dedicated to one person at a time, but family or support people are welcome too.

EXTENDED APPOINTMENTS

If you think you need a longer appointment with the Doctor, Nurse, Aboriginal Health Practitioner or other clinician, please let the clinic receptionist know and this can be arranged. If you can't make your scheduled appointment, also, please let us know.

HOME AND OTHER-VISITS

Home visits can be arranged for regular clients whose condition prevents them from attending the clinic. These are arranged on a case by case basis. Please speak with Clinic Staff for more information.

IN AN EMERGENCY PLEASE PHONE TRIPLE ZERO (000)

AFTER HOURS CARE & MEDICAL ADVICE

If you need medical advice after hours please contact Health Direct Australia on 1800 022 222. Health Direct has an after-hours GP helpline that will let you speak with a Registered Nurse or accredited GP for further medical assessment and advice. Alternatively, clients requiring after hours medical attention should present to the Accident and Emergency Department of the Whyalla Hospital located on the corner of Essington Lewis Avenue and Elliott Street. The hospital telephone is 8648 8300.

MEDICARE BULK BILLING

Nunyara is a full Medicare Bulk Billing service. This means that the service we offer is free upon presentation of a valid Medicare Card. Referrals to services outside of Nunyara may incur fees. Clinic staff can provide information about this. We can also register you for the Closing the Gap (CTG) Pharmaceutical Benefits Scheme (PBS) Co-Payment Register if you are eligible and have not yet been registered. The CTG PBS Co-payment reduces the cost of PBS medicines. Eligible patients can get their medicine at the concession price. Or, if you have a concession or health care card, your medicine will be free.

Please bring
your Medicare
Card

URGENT ATTENTION

If you believe you require urgent medical attention while at Nunyara, you should inform a staff member immediately so that you can be attended to.

VISITING SERVICES

The health team might suggest you see other health workers who come to the clinic, for example the Dietician, Podiatrist, Diabetes Educator, Respiratory Nurse, Grief and Loss Counsellor or a Specialist doctor. Please speak with staff if you need an appointment.

TEST RESULTS

We encourage you to return to the clinic to get your test results. If you can not come back, call the clinic and speak with a health worker. They will tell you what to do. If the doctor thinks your results are urgent, we will contact you either by phone or in person to come back for an appointment.

DEADLY DISABILITY MOB

Nunyara Aboriginal Health Service offers assistance to Aboriginal and Torres Strait Islander people living with disability and people caring for people living with disability. We can help with: Referrals to the Local Area Coordinator, Applying to the NDIS, Collecting evidence to support your application, Sending your application to NDIS, Pre-planning preparation, Goal setting, Planning advocacy, Implementing your plan, Support Coordination (linking you with relevant and appropriate services to meet your goals), other support as needed.

REGISTERED
PROVIDER

VACCINATIONS

Nunyara both recommends and provides immunisations to clients. Aboriginal and Torres Strait Islander people are at increased risk of serious diseases and get extra immunisations for free through the National Immunisation Program.

Immunisation prevents serious illness, disability and death and is important for both the person being immunised and the whole community. Immunisations begin at 6 weeks of age and the last is scheduled at 70 years.

Nunyara is also responsive to threats to Australians like flu virus and the COVID pandemic. We provide annual flu vaccinations for people over 6 months of age, and COVID vaccinations for all eligible clients. Vaccination is the best way to keep yourself, your family, and your community safe from COVID-19.

ABORIGINAL HEALTH WORKERS

Aboriginal Health Workers and Practitioners provide liaison, advocacy and clinical services. They are often the first point of contact for clients entering Nunyara, and work with each client and in partnership with other health care providers.

Aboriginal Health Practitioners/Workers are responsible for all aspects of client care including assessment, co-ordination, implementation of services, and follow up on the clients health journey.

COMPLAINTS AND FEEDBACK

This is your Aboriginal Health Service. If you would like to provide suggestions or feed-back, or if you have a complaint about something that isn't quite right, we want to know about it. You can make a complaint by contacting a staff member directly, using the feedback form on our website www.nunyara.org.au, or use the forms in the reception area and drop it into the feedback boxes. You can also request to speak to a Supervisor or the CEO.

FURTHERING YOUR COMPLAINT

The Health and Community Services Complaints Commissioner are open Monday-Friday and you can call them toll free on 1800 232 007 or write to them at PO Box 199 Rundle Mall, SA, 5000 or fill in a complaint form at www.hcscs.sa.gov.au
